RESPONSE to DETAILED ACTION

2. The added material has been removed from the SPECIFICATION and the original SPECIFICATION with editorial correction amendments is enclosed.

Serial No. 09/846,410

1., 3., 4. CLAIMS 5,6 have been amended to correct the mistakes listed in your DETAILED ACTION. The claims have been rewritten in one sentence formats with the body of the claims explicitly supported by the specification.

The ABSTRACT has been amended to conform to the USPTO requirements.

The DRAWINGS are the original DRAWINGS with amended corrections to the titles of FIG. 5,6 and in FIG. 6 the complex DFT fast decoding has been moved in front of the complex Walsh fast decoding to agree with the specification.

Thanks for your welcomed help and guidance with this patent application.
